

Land Use Permit Application - Washburn County Zoning

Court House, P.O. Box 506, 10 Fourth Avenue, Shell Lake, Wisconsin 54871 Telephone 715-468-4690 Fax 715-468-4640

Please read the following statements and make certain you understand them before signing the application below.

1. Issuance of this zoning permit does not eliminate the need to obtain any state-required approvals and/or permits, which include uniform dwelling code (UDC) inspections. The owner/contractor is REQUIRED to contact the state Uniform Dwelling Code (UDC) inspector and have the land use permit on the premises before beginning any digging or construction.
2. It is the applicant or the representative's responsibility to comply with Federal/State laws pertaining to construction near or in areas classified as wetlands.
3. All waterfront property will require an on-site before a land use permit can be issued. We attempt to issue this permit within 20 working days of receiving the application. A fee of \$600.00 will be added to the normal permit cost if any, placing, moving, and/or construction commences without a Land Use permit being issued. -Sec. 38-507.-Cases where zoning permit is required
4. NOTE ★ **The Zoning Office will assess a fee for the inspection of new and EXISTING driveways.** New driveways being connected to County Roads must also have a permit from The Washburn County Highway Department. New driveways being connected to town roads may also need a permit from the appropriate town. Contact your town before constructing your driveway. **Unless you have paid this fee previously, please include this \$25.00 assessment with your permit fee.** If the project address is in the towns of Birchwood, Long Lake, Casey or Crystal you must contact those towns to obtain the driveway permit. We will not assess the \$25.00 fee for those towns.

Signature and Certification

To the best of my knowledge, I certify that the information contained herein is correct. I acknowledge that work will be completed in accordance with the information I have submitted, and with the requirements of the County's Zoning and Sanitary Ordinances.
