

Clean Boats Clean Waters Workshop

When: April 17th, 2025

Where: Washburn County Services Center- 304 2nd Street Shell Lake, WI 54871

Time: 5:30-7:00pm

The Washburn County Land and Water Conservation Department is hosting a free Clean Boats Clean Waters (CBCW) workshop. Through this program, citizens are trained to be watercraft inspectors by educating boaters and anglers on how to prevent the spread of aquatic invasive species. They also collect data and help perform boat and trailer checks before launching and leaving a boat landing.

This workshop is geared for new inspectors, but anyone is welcome to attend as a refresher as well!

* **Welcome and Introductions**

* **Aquatic Invasive Species Information**

* **CBCW Inspection Program**

- Recruiting volunteers and paid inspectors
- Resources and where to order
